

La Rose

Poitou Charentes / Charente / Souvigne

About La Rose

This former cottage is described as a cuisine (kitchen) on the old plans and the large old stone fireplace may have been used for smoking or curing the farm produce. The ground floor has terracotta tiles which keep the temperature down in the summer and the fireplace now has a log burning stove for the cooler autumn and spring evenings and the winter chill so this really is suitable for use at any time of year.

Upstairs is a large shower room with shower cubicle, basin and WC. Next door is a large bedroom with pine floorboards, built in wardrobe, chest of drawers and a four poster bed. The bedroom is spacious enough for a cot which we can supply at no extra charge if you have a baby. However it is not suitable for toddlers and small children. Outside is a patio with dining furniture and barbecue and privacy is afforded by fencing, trellis and climbing plants.
