About La Maison

La Maison is a beautifully furnished 5 bedroom house (originally the main farmhouse). You enter the house directly into the enormous and very modern kitchen which has a table seating 12 - ideal for those long, lazy lunches using the delicious local produce from the markets. The original stone walls ensure that the rooms are cool in summer, but if you are visiting us at other times of year, there are cosy woodburners for the kitchen and the living room. In the living room you have a TV and DVD player (we have an extensive selection of DVDs available to borrow from our games room). For the more musical among you there is also a piano - ideal for a good old-fashioned family sing-song or for making sure that children don't fall behind with practicing their scales. If you haven't brought enough books to last you, there are plenty provided in the house.

Layout:

There is one double en-suite on the ground floor.

Upstairs, there is a twin room and a very large double room which share a bathroom. In addition, there is our family suite. This is a very large space and has a double bed and a single bed on the first floor and then stairs up to a further double in the pigeonier. These rooms share a bathroom. Ideal if you have young children. We can also provide a cot if you require one. The rooms on the first floor all have lovely views over the valley. Outside, you have your own private terrace - perfect for watching the sunset and if you are lucky you may see deer in the fields below or even our resident Owl family!

Outside, there is a 10mx5m pool to cool down on hot afternoons. This is shared with the small cottage next door and with our Safari-tent visitors. We also have a brand new games room for all our guests - pool table, table tennis, table football, darts, cards, board games - another popular space to cool off in the summer!
