### About Maison Blanche

Restored in the early 20th Century, this was the original farmhouse, and as was tradition, the principal ground floor room is a large kitchen and dining room, with a separate small lounge. Many original features have been retained such as the stone fireplace and beams, and it is now furnished and equipped with your comfort in mind. We hope you will enjoy the mod-cons that we have provided such as satellite TV, DVD player (and DVDs), wi.fi, and Ipod docks.

The kitchen area is fully equipped with fridge/freezer, washing machine, electric cooker, microwave, kettle, cafetiere, and toaster; assorted pans, knives, and utensils; plenty of glasses, cutlery, crockery and mugs. On our travels over the years, we have stayed in many cottages, and quite often get frustrated to find things 'missing'. We hope you will find that we have thought of everything... If in doubt, ask to see the full list, and no, we haven't forgotten a tea-pot! There will be an initial supply of tea, coffee, sugar, essential seasonings and oil to start you off.

The dining area has a large table and chairs for 6 people.

The separate lounge has two comfy sofas, satellite TV, and DVD player, and book shelves with books and DVDs.

Large ground floor family bathroom, with bath and shower over, handbasin and w.c.

Corridor to boiler room, and door to private rear garden, with rotary line, patio furniture, BBQ, and access to further gardens and field.

On the 1st floor there are 2 double bedrooms, and one twin bedded room, and a games room containing a multi-games table, and board games.

For our younger guests.....there are lots of lovely books and DVDs just for you!

A welcome pack containing a selection of local goodies such as cheese, wine, and seasonal fruits will be waiting for you on arrival.

We provide all bed linen, towels and tea towels, but not beach/swimming towels. A high chair, cot (with bedding), and bed guards are available; please let us know when booking if you should require them.

A small supplement will be made for heating during the colder months.
